

# Keep your cutter sharp. POLAR Maintenance Kits.

## Maintaining your POLAR Cutter just got a little easier

HEIDELBERG® has packaged all of the wear and tear parts that you need to keep your cutter running efficiently in a kit that **saves you 25% off the regular price**. The maintenance kits are comprised of the main drive and hydraulic belts, a set of shear bolts with nuts, oil filter, halogen bulb for the cut line, shims for the clutch, brake pads and hydraulic pump pulley. Actual parts may vary depending on model.

## Benefits

- Using Original HEIDELBERG® Parts ensures peak performance and protects your warranty.
- Genuine POLAR parts and accessories are designed specifically for POLAR machines.
- Prevents unexpected events and helps reduce downtime
- Any Original HEIDELBERG Service Part installed by a Systemservice® technician is guaranteed for up to 2 years.

## Includes

- 3 HSS knives
- 30 cutting sticks
- 3 EasySlide
- Hydraulic oil
- Belts
- Extra shear bolts

## Maintenance tips

- Check your belts for cracks and signs of wear. These are indicators that the belts need to be replaced.
- Old or contaminated hydraulic fluid will heat up and start deteriorating the o-rings in the control valves. The hydraulic fluid and filter should be replaced regularly in accordance with your operator manual.
- Frequent replacement of shear bolts could be caused by a dull knife. Keep your knives sharp and replace as necessary.

## Ordering information

To place an order, call the HEIDELBERG Parts Team at **+1 (800) 363-4800** or email [cutterparts@heidelberg.com](mailto:cutterparts@heidelberg.com)
