The Supervisory Board and the Management Board of the company have taken further measures to enhance the career prospects of women in the company in the 2016/2017 financial year. It is agreed that, in the event of positions being reassigned and candidates having equal professional and personal aptitude, the appointment of women to the Supervisory Board and the hiring of women to the Management Board and the two levels of management below the Management Board should be considered in order to increase the share of women in the medium and long term.
